

## **Driver Conduct**

- If for any reason you are late to the grid or fail to leave the grid with the pack, you may not regain your starting position. You will start from the back.
- If the pace car lights are flashing, you must follow under all circumstances. (e.g., bringing group through pit lane, controlling group for multiple laps, etc.)
- When behind the pace car, keep pace with the cars around you to avoid holding up the group.
- Tire scrubbing is not allowed when cars are side-by-side.
- Check your gauges twice a lap. Help prevent lost fluids and lost track-time.
- The safest way to pass is with a point-by. Give a point-by as often as you can. (Passing is detailed on Page 1 of the CSRG Driver Handbook)
- If you see a RED flag, immediately slow and check your mirrors. Come to a complete stop as soon as you can do so safely, and within sight of a flag stand. Stopped on a red flag you may turn off your engine, but do not remove your seatbelts, helmet, or any other safety gear. Await flagger signal to continue.
- If you see a BLUE & YELLOW flag, check your mirrors and be aware that you are about to be passed. You do not need to lift or move over, just be aware that there is a faster car approaching.
- If you deviate (spin, four wheels off, pass under yellow, contact) or if you see a standing black flag (sometimes accompanied by a finger point or a number board) you must report to the Black Flag station immediately.
- Do not cross the track unless you have clear direction by a course marshal to do so. For example, at Sonoma if you spin exiting T11 and end up in the middle, you may not cross into the pit lane until directed to do so.
- Altercations both verbal and physical should be avoided at all costs. Report any altercations to the Race Director or a CSRG Board Member immediately. Do not try to resolve the situation yourself.

If you have not read the CSRG Driver Handbook please do so. If you have, please consider re-reading it to refresh your memory. It contains valuable information about exactly what CSRG expects of its drivers, and how to be a welcome participant at any track event.
