

Reaching Out to Hispanic or Latino People about Medicaid & CHIP Renewals

The Centers for Medicare & Medicaid Services (CMS) wants to make sure people continue to have health care coverage whether that's through Medicaid, Children's Health Insurance Program (CHIP), Medicare, [HealthCare.gov](https://www.healthcare.gov) (through the Affordable Care Act), or employer-sponsored coverage. This is an all hands-on-deck moment, and we need your help as a trusted voice to help share information on Medicaid and CHIP Renewals. You can use this resource to help share important messages about what steps parents, families and individuals should take to ensure they remain covered.

Why do people with Medicaid and CHIP coverage have to renew their coverage now?

For the past three years, people with Medicaid and CHIP were not required to renew their coverage because of the COVID-19 pandemic. States have now resumed the yearly process of Medicaid and CHIP eligibility renewals and are contacting people to determine if they are still eligible.

Over the next 12 months (June 2023 – May 2024), everyone with Medicaid or CHIP coverage will need to renew their coverage. It should be noted that every state has a different [renewal timeline](#). **Nearly 4.6 million people predicted to lose health coverage are Latino.**

If an individual is no longer eligible for Medicaid or CHIP, they can transition to another form of health insurance coverage, such as finding coverage on [HealthCare.gov](https://www.healthcare.gov), Medicare, or employer-sponsored insurance coverage.

Renewing your Medicaid or CHIP coverage will not impact your immigration status.* For more information, [click here](#).

What can YOU do to help people with Medicaid and CHIP coverage right now?

About 15 million people are predicted to lose Medicaid and CHIP coverage over the next year.

People enrolled in Medicaid and CHIP need to take action now or else they could lose their health insurance coverage. We need partners like YOU to help make sure that people enrolled in Medicaid and CHIP complete these steps:

1. **UPDATE** your contact information with [your state Medicaid or CHIP agency](#).
2. **RESPOND** to the Medicaid/CHIP renewal form when it arrives to keep your coverage.
3. **PARENTS** should respond even if you don't think you're eligible – your kids could still be eligible!
4. **CONSIDER OTHER COVERAGE OPTIONS:** If you are no longer eligible for Medicaid or CHIP, check if you can get coverage through your employer, through the Marketplace at [HealthCare.gov](https://www.healthcare.gov), or through Medicare.

*Medicaid benefits are not considered in the [public charge inadmissibility determination](#) made by the Department of Homeland Security, with the exception of long-term institutionalization at government expense. No CHIP benefits are considered under the public charge inadmissibility determination.
