### **Mission & History**

Growing Gardens' mission is to cultivate community through sustainable urban agriculture. Our programs empower people of all ages, income levels, and abilities by connecting them with their local food system, each other, and the environment.

Our organization values the diverse skills and individuals that come together to create a thriving community and workplace. We are committed to the work we do, and bring our best selves each day, but we don't take ourselves too seriously, have fun, and enjoy the process of doing good in our community. We take care of each other and put people at the center of everything we do.

### **Summer Camp Description**

Children's Peace Garden Summer Camp strives to inspire the next generation of environmental stewards through hands-on learning experiences in the garden. We've found that connecting children with their food has lifelong impacts on their health and eating choices. We offer week long, full day camps for nine weeks in the summer for youth aged 5-11. Each week has a unique theme such as mysteries in the garden, farm to table cooking, or survival skills.

**Job Purpose:**

Growing Gardens' Summer Environmental Educator works to deliver high quality summer camp education programs. Educators co-lead a group of 15 campers each week and teach students about our garden and all it has to offer through lessons, activities, crafts, games and basic cooking. Working with the Education Program Coordinator, educators are responsible for preparing camp and leading children through activities. Summer Environmental Educators are essential in setting and attaining programming goals and objectives.

**Major Functions and Accountabilities**

- Teach garden-based education programming to children from 8:30 am-3:30 pm during the 9 Summer Camp weeks. Camp is located at the Boulder Farm Site.
- Work with fellow Summer Environmental Educators to prepare and lead week-long summer camp sessions. All supplies, curriculum, and training will be provided by Growing Gardens prior to camp start date.
- Maintain positive relationships with campers, parents and fellow staff.
- Record keeping and administrative work documenting programming.
- This job is outside in all weather conditions and involves many contact hours with program participants.

**Required Qualifications**

- The candidate must have at least 460 hours of satisfactory and verifiable experience working with school-age children. **460 Hours must be with children aged 4-18 in groups of four or more. Babysitting hours cannot be counted.**
- Experience teaching in an outdoor or environmental education setting.
- Responsibility, reliability and organizational skills.
- Exceptional relationship building and conflict resolution skills.
- Ability to self motivate and work independently as well as collaboratively with the team.
- Ability to adapt to changing situations: weather, curriculum, child needs, etc.
- Consistent positive attitude and ability to enthusiastically work all day outdoors with children.
- The position is contingent upon the satisfactory results of a background check.

**A note about working here in the time of Covid-19:**

Like everyone around the globe our operations have been challenged by this pandemic. Our work has had to shift at a moments' notice based on Public Health guidelines and changing priorities for the organization. We ask that interns are understanding of changing schedules and planned work as is necessary. In order to keep our small and mighty team healthy through the season we are requiring that everyone participating in our internship program be fully vaccinated against Covid-19. At this time, that means they will have received the primary vaccination and the bivalent booster containing Omicron. Further details on this can be found on the [CDC website](#). \*If you need an exception to this requirement, please speak with the hiring manager.
