

### **Preparing for the COVID-19 Vaccine: Registering with MyChart at UConn Health**

While the roll-out of the vaccine will take place over the course of 2021, we encourage employees, including Graduate Assistants, to register with MyChart, via UConn Health, to prepare in advance.

To register with MyChart, please follow this link: <https://mychart.uconn.edu/mychart/signup>. Please select the **Verify Your Identity for Instant Access** option. If you experience technical difficulties while signing up for MyChart, please contact UConn Health via 860-679-4400 and select Option #2.

The University also encourages employees to download the MyChart app via their mobile phone.
