

The Department of Computer Science in the Faculty of Arts & Science at the University of Toronto invites applications for up to two (2) full-time tenure stream positions in the area of Data Systems and Data Management. The appointment will be at the rank of Assistant Professor and will commence on July 1, 2022, or shortly thereafter.

Candidates must have a Ph.D. in Computer Science or a related field by the date of appointment, or shortly thereafter, with a demonstrated strong record of excellence in research and a strong demonstrated commitment to excellent teaching.

We seek applications from candidates conducting research in the area of Data Systems and Data Management, broadly construed. We seek exceptional candidates whose research and teaching interests complement and enhance our existing [departmental](#) strengths. The successful candidate will be expected to pursue innovative and independent research at the highest international level and to establish an outstanding, competitive, and externally funded research program.

Candidates must provide evidence of excellence in research which can be demonstrated by a record of contributions and publications in top-ranked field-relevant journals or conferences, or forthcoming publications meeting high international standards, the submitted research statement, presentations at significant conferences, awards and accolades, and strong endorsements by referees of top international stature.

Candidates will also be expected to demonstrate a strong commitment to excellent teaching at the undergraduate and graduate levels through a teaching statement highlighting previous experience that can include leading successful workshops or seminars, student mentorship, delivering conference presentations or posters, or experience as a teaching assistant or course instructor. A commitment to excellence in teaching may also be demonstrated through materials such as sample course syllabi (either of courses delivered by the candidate or planned for the future), course evaluations, or other evidence of superior performance in teaching-related activities submitted as part of the application. Professional or lived experiences that enhance the ability to teach a diverse student body are highly valued.

The University of Toronto is an international leader in Computer Science research and education. The successful candidate will be expected to pursue innovative research at the highest international level; to establish a strong, externally funded independent research program; and to contribute to the enrichment of both undergraduate and graduate programs in the department.

Salary will be commensurate with qualifications and experience, and is competitive with our North American peers.

At the University of Toronto, the creation of an equitable, diverse, and inclusive community is incumbent on every member of the community (see <https://tinyurl.com/UofTEdi>). Evidence of a commitment to equity, diversity, inclusion (EDI), and the promotion of a respectful and collegial learning and working environment will weigh favourably on the application. Such evidence may be demonstrated through the application materials, or in a separate statement covering topics such as (but not limited to): research or teaching that incorporates a focus on underrepresented communities, the development of inclusive pedagogies, or the mentoring of students from underrepresented groups.

Application materials for the position must be submitted online through AcademicJobsOnline at <https://academicjobsonline.org/ajo/jobs/19630>. The required materials are a cover letter, the candidate's curriculum vitae, list of publications, research statement, teaching statement, and at least three letters of reference (on letterhead, signed, dated, and scanned) uploaded to AcademicJobsOnline directly by the writers.

The University of Toronto offers the opportunity to teach, conduct research, and live in one of the most diverse metropolitan areas in the world. For more information about the Department of Computer Science see our website at <https://www.cs.toronto.edu>. If you have any questions about the position, please contact recruit@cs.toronto.edu.

Applicants should endeavour to submit all materials (including reference letters) by December 6, 2021, when we will start reviewing applications. However, we will give full consideration to all applications submitted by the closing date of January 10, 2022.

Caution: This ad is “posted only” to the U of T faculty job board. Please see the information above for the application instructions. Applications submitted via the U of T platform will NOT be considered for this position.

The University of Toronto is strongly committed to diversity within its community and especially welcomes applications from racialized persons / persons of colour, women, Indigenous / Aboriginal People of North America, persons with disabilities, LGBTQ2S+ persons, and others who may contribute to the further diversification of ideas.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
